A palette for every space

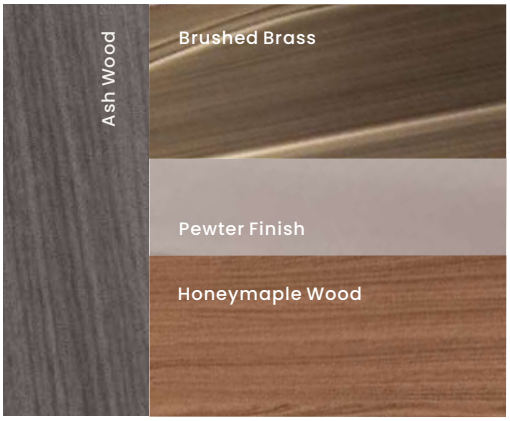

Choosing the right fan isn't just about cooling - it's about creating a cohesive space where design flows effortlessly. In this catalogue, we showcase our diverse range of fans and the colour stories that define them.

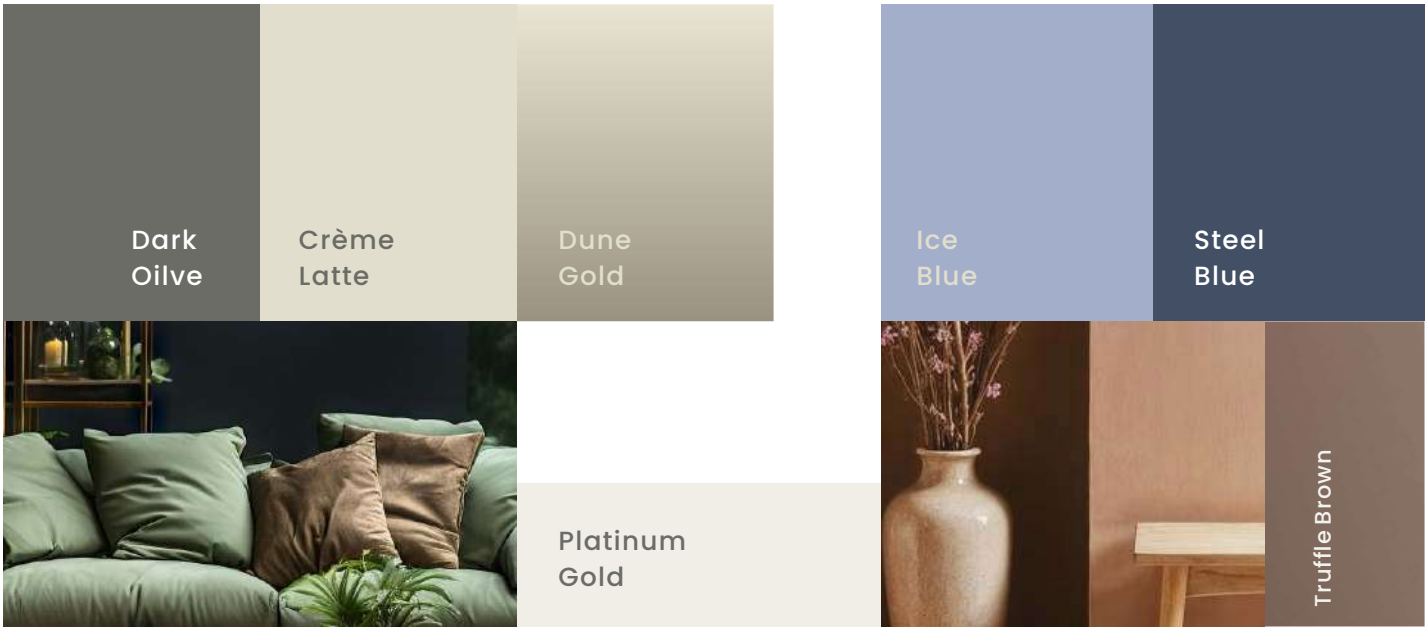

With 40+ colours to choose from,

it has never been easier to make your fan a key part of your décor.

Special Finishes

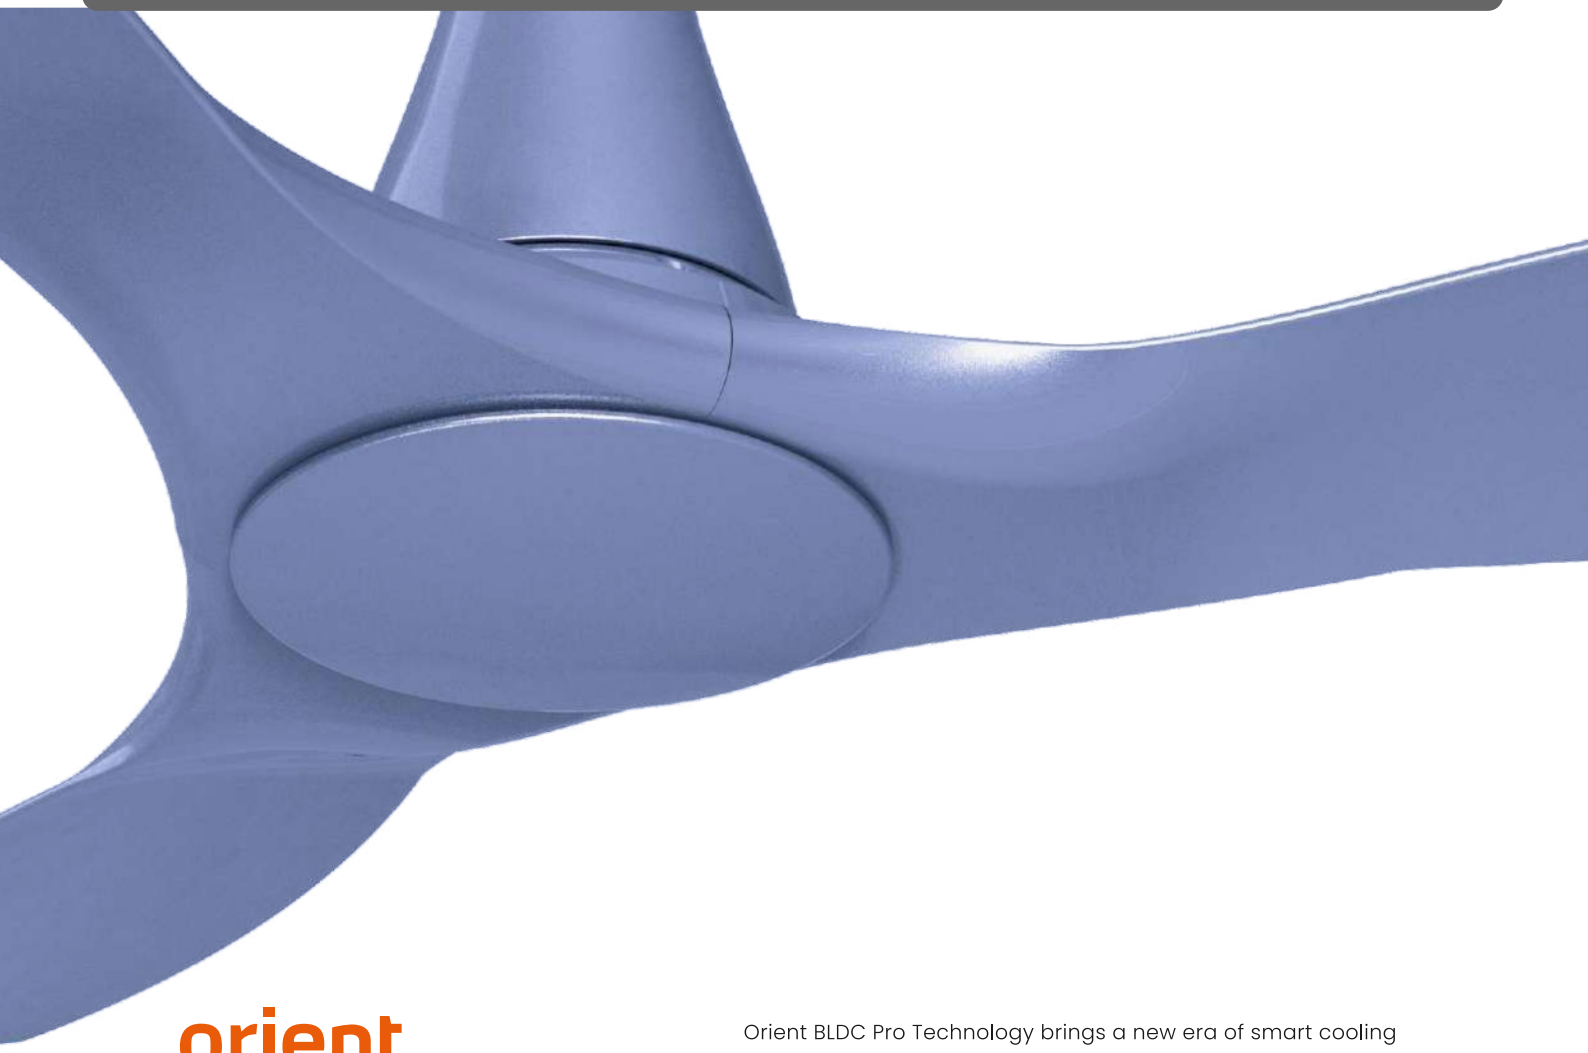

Tech Driven Comfort, Design Driven Style

From sleek, aerodynamic designs in Aeroseries to statement pieces in the Vintage collection, each fan is crafted to suit different aesthetics. Whether you prefer minimalist, contemporary, or bold styles, our range integrates seamlessly into any space while offering powerful performance.

New Spectrum of Possibilities

Our latest additions - Dune Gold, Olive Green, Truffle Brown, and more - reflect how colour has played a key role in our design philosophy. These shades bring a refined balance of warmth, depth, and understated sophistication, effortlessly complementing both modern and classic interiors.

orient BLDC PRO

Orient BLDC Pro Technology brings a new era of smart cooling with advanced energy efficiency and intelligent controls. Consuming up to 50% less energy, these fans ensure powerful performance while reducing electricity costs.

Consumes 50% less energy*

Advance technology ensures less wear & tear for a long life

IOT Control | Energy Efficient | Orient App | Remote Control

*As compared to an Induction Fan.

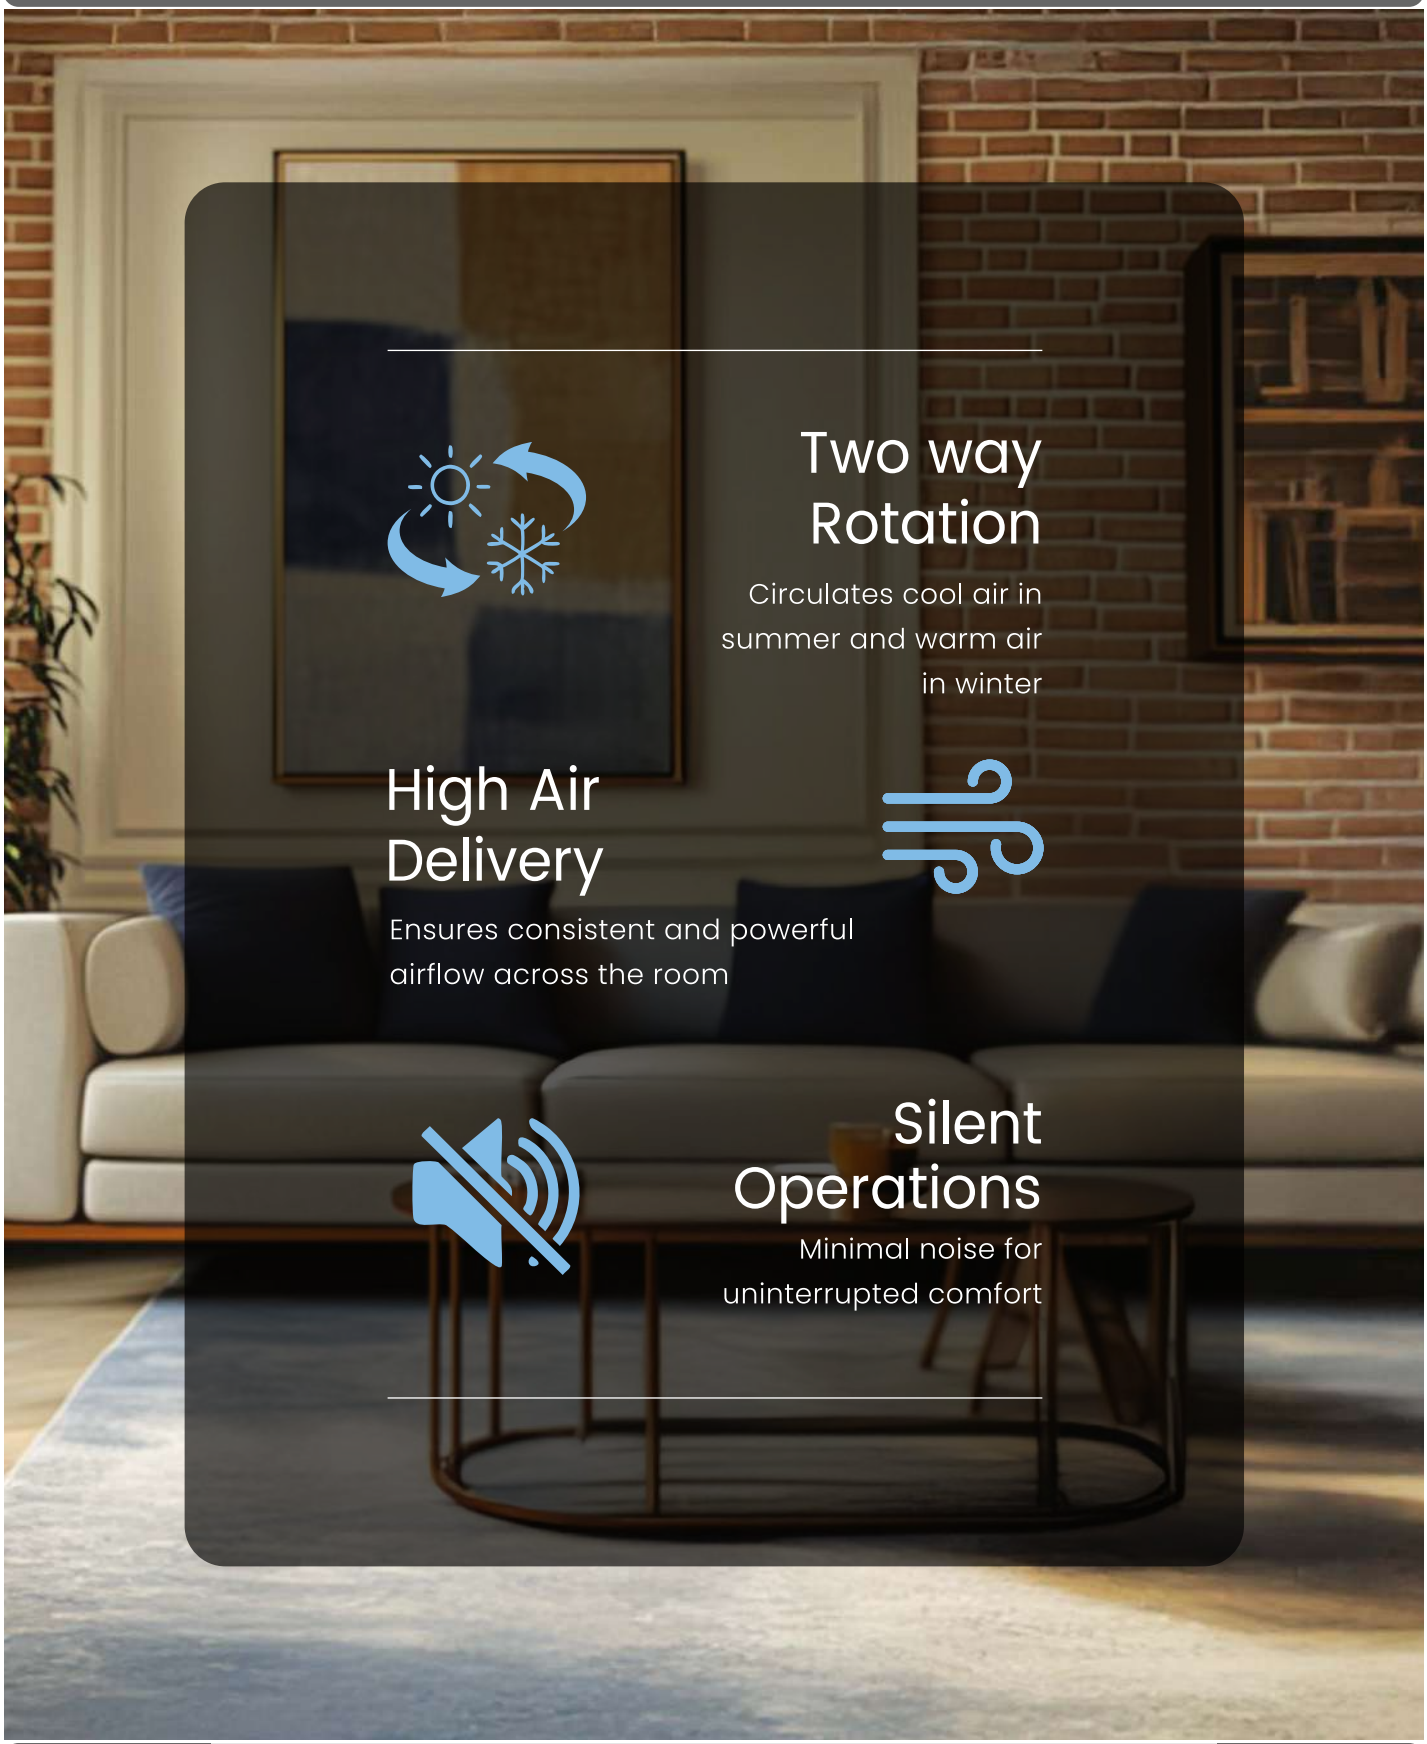

Remote Control

Orient App

Voice command

Two way Rotation

Circulates cool air in summer and warm air in winter

High Air Delivery

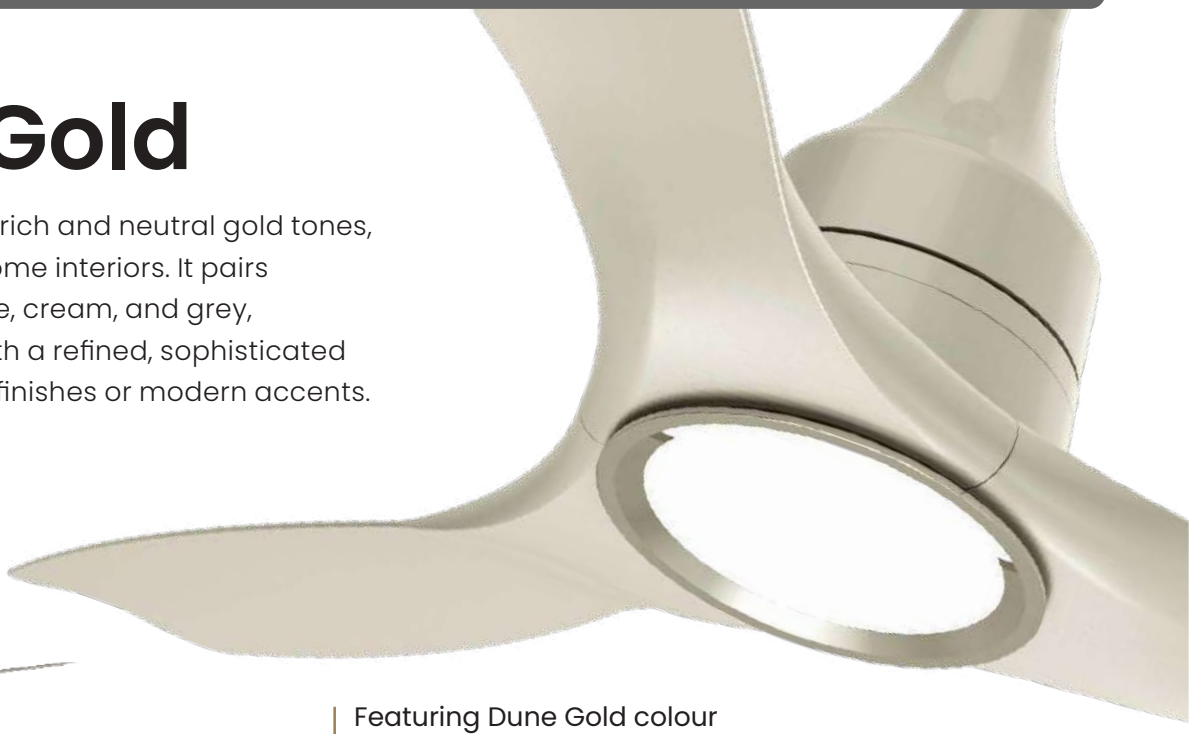

Ensures consistent and powerful airflow across the room

Silent Operations

Minimal noise for uninterrupted comfort

Dune Gold

Dune Gold balances rich and neutral gold tones, adding warmth to home interiors. It pairs effortlessly with beige, cream, and grey, enhancing rooms with a refined, sophisticated touch against wood finishes or modern accents.

Also available in Aeroslim

Featuring Dune Gold colour in Aersosense Underlight

Truffle Brown

Truffle Brown's earthy tone adds warmth and balance to spaces, complementing beige, wood, and rich hues. It blends classic and contemporary elements, creating a refined yet grounded presence.

Featuring Truffle Brown colour in Aerosleek

Also available in Aerostorm & Proton

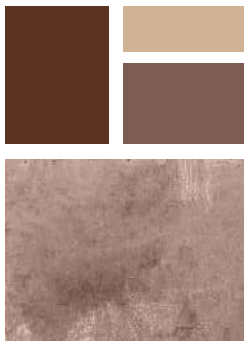

Aerostorm

Proton

Crème Latte

Featuring
Crème Latte
colour in Proton

Crème Latte's soft, neutral warmth complements muted greens, sage, and whites. Its balanced tone enhances clean layouts and natural textures, making homes feel soothing and well-coordinated, whether paired with wooden furnishings or ivory backdrops.

Also available in Aeroquiet Neu

Steel Blue

Steel Blue adds refined depth to interiors, balancing cool elegance with a calming presence. Perfect for living rooms, studies, and bedrooms, it pairs with greys, whites, and metallic accents, enhancing space without overwhelming it.

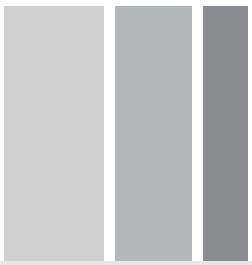

Featuring Steel Blue colour in Proton

Also available in Luna

Featuring Honey Maple colour in Aerosense

Honeymaple Wood

Honeymaple Wood brings warmth and texture to home interiors, blending with soft greys, and raw, natural materials for a balanced, inviting space inspired by simplicity and functionality.

Ice Blue

Featuring Ice Blue colour in Aeroquiet Neu

Ice Blue adds a refreshing yet subtle touch to home interiors. Its silver-blue undertones blend with whites and greys, creating airy, calming spaces while offering bold contrast against deeper hues like charcoal grey or navy.

Featuring
Dark Olive colour
in Aeroquiet Neu

Dark Olive

Dark Olive, a rich dual-tone green, enhances home interiors with depth. It pairs beautifully with dark wood and beige hues, and structured decor. It adds sophistication and character to rooms, whether complementing neutrals or contrasting modern spaces.

Also available in Aerosleek

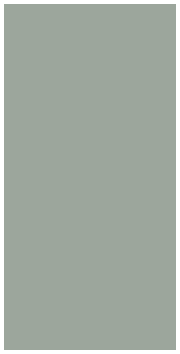

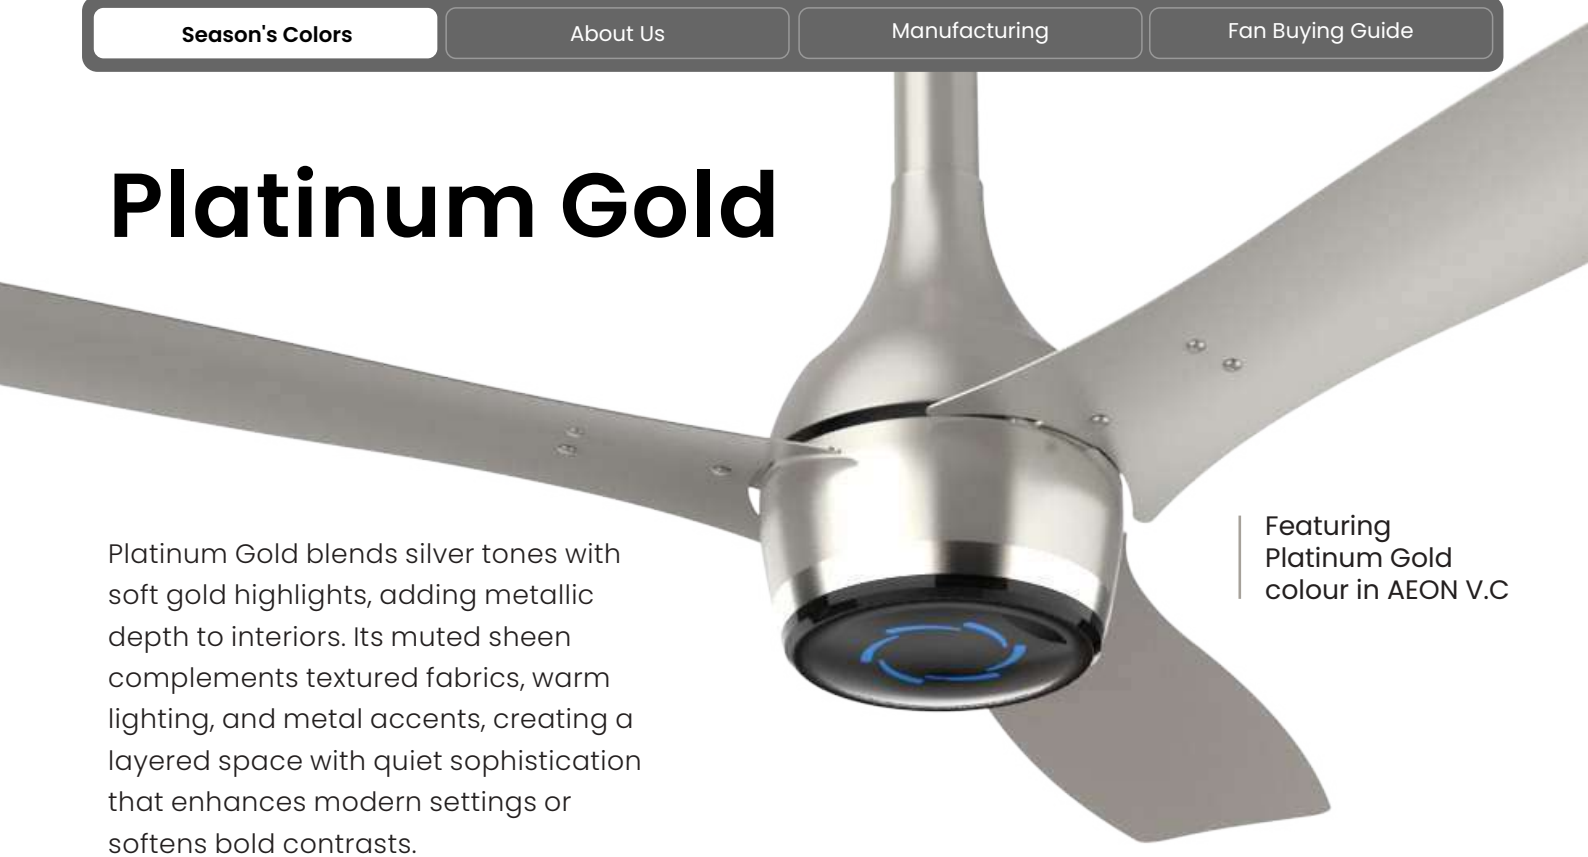

Platinum Gold

Platinum Gold blends silver tones with soft gold highlights, adding metallic depth to interiors. Its muted sheen complements textured fabrics, warm lighting, and metal accents, creating a layered space with quiet sophistication that enhances modern settings or softens bold contrasts.

Featuring Platinum Gold colour in AEON V.C

Platinum Gold elevates the room with its quiet elegance

Also available in Aeroquiet Neu & Aerosleek

Aeroquiet Neu

ORIENT ELECTRIC

A brand that strives to bring the best of Innovation for you

For over 70 years, Orient has redefined comfort and innovation, becoming a trusted name in homes worldwide. With a commitment to blending design, technology, and performance, we craft solutions that enhance everyday living. At the heart of our journey is a dedication to our customers-bringing thoughtful innovations that prioritise comfort, efficiency, and sustainability. Orient stands as a leader in energy-efficient fans, driven by a vision to deliver smarter, more meaningful experiences in every home.

ACCOLADES
as glorious as our range

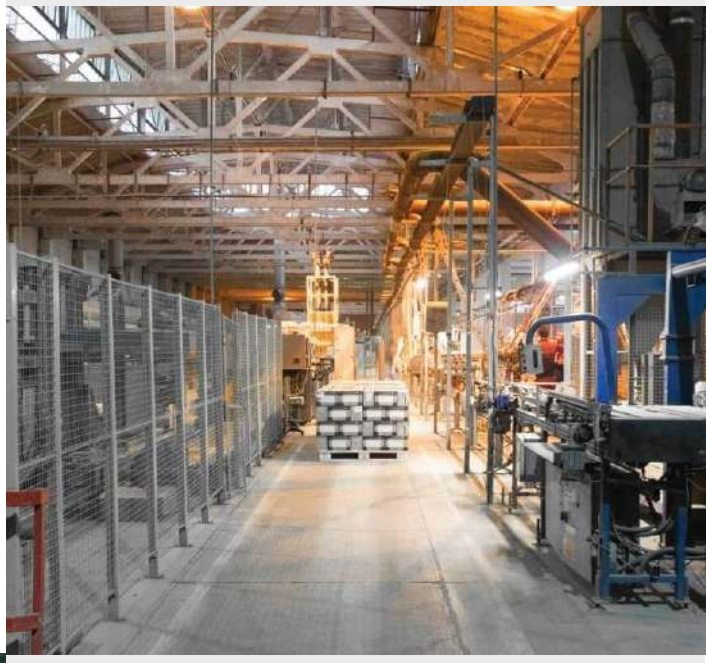

Recognised for our innovation, sustainability, and design excellence, our journey is marked by milestones that reflect our industry leadership. From 'Most Trusted Brands of India' to the 'Economic Times Iconic Brands of India,' these accolades highlight our commitment to delivering energy-efficient solutions that elevate everyday living. With honours like the National Energy & Conservation Award and 'Great Place to Work' certification, we continue to set benchmarks in crafting smarter, more meaningful experiences for homes and businesses worldwide.

Pioneering the Future of Fan Manufacturing

The Hyderabad facility represents the next chapter in Orient's journey of excellence in manufacturing. As India's first fully automated fan production plant, it seamlessly integrates advanced Industry 4.0 technologies, autonomous robotics, and sustainable practices. Built to achieve high precision and efficiency, the facility ensures consistent quality in every fan produced with a focus on innovation and sustainability.

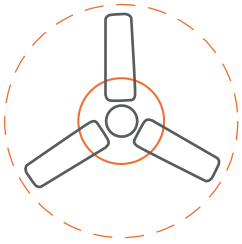

70 YEARS OF TRUST

Recognised for our innovation, sustainability, and design excellence, our journey is marked by milestones that reflect our industry leadership.
From 'Most Trusted Brands of India' to the 'Economic Times Iconic Brands of India,' these accolades highlight our commitment to delivering energy-efficient solutions that elevate everyday living.

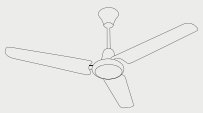

Fan Buying Guide

Choosing a fan is about more than just cooling - it's about style, comfort, and efficiency.

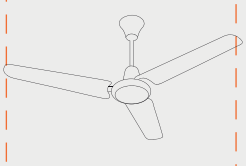

1 What should be your fans optimal size?

Small rooms (up to 75 sq. ft.)

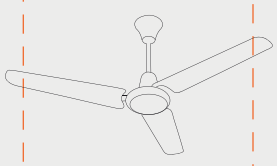

900mm (36") Sweep

Medium rooms (up to 150 sq. ft.)

1200mm (48") Sweep

Large Rooms (up to 150 sq. ft. & above)

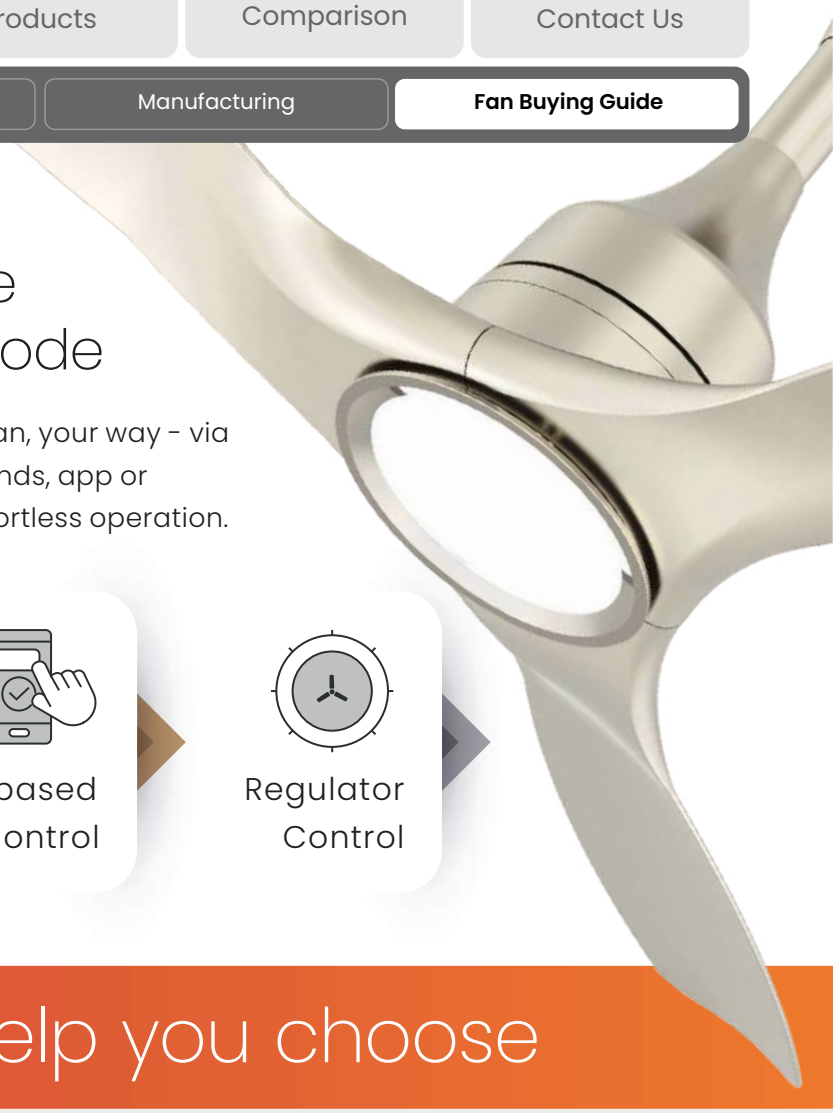

1400mm (56") or Larger

2 Energy efficient

Stay cool while saving energy. Consuming up to 50% less energy, our BLDC fans offer powerful performance without lowering up electricity bills.

3 Choose your mode

Control your fan, your way - via voice commands, app or remote for effortless operation.

- Remote Control
- Voice Command
- App based Control
- Regulator Control

Key features to help you choose

4 Silent Operations

Designed for quiet comfort, our fans ensure a noise-free cooling experience. Ideal for bedrooms, study areas, and peaceful spaces where undisturbed relaxation matters.

High speed and airflow. 5

Table Pedestal & Wall Fans

Designed for flexibility, Table, Pedestal, and Wall fans bring cooling exactly where you need it. Whether placed on a desk, mounted on a wall, or standing freely, they offer adaptable solutions for homes, workspaces, and commercial settings. Their compact design and targeted airflow make them ideal for areas where ceiling fans aren't an option, such as study corners, kitchen spaces, and small rooms. Easy to adjust and move, they provide instant comfort without taking up valuable space.

Exhaust Fans

A well-ventilated space makes all the difference in feeling comfortable at home. Our Exhaust fans quietly keep air moving, helping spaces like kitchens, bathrooms, and storage areas stay fresh and pleasant. With efficient performance and quiet operation, they make it easier to maintain a healthier indoor environment.

Customer Care No.: +91 9667121111

- Visuals shown in the brochure, may vary slightly from actual product
- All ceiling fans are with double ball bearing
- Air delivery may vary ±5%
- All specifications are subject to change without any prior notice
- Models may change during the year

Room Size (sqft)	Recommended Sweep Size for Ceiling Fans		
	mm	feet	inches
Upto 70	600	2.0	24
70	900	3.0	36
100	1050	3.5	42
160	1200	4.0	48
180	1300	4.3	52
225	1400	4.7	56

Important: To maximize air delivery over the required area, your Orient Electric ceiling fan should be 2.1 meter or more from the ground and 30cm or more below the ceiling. For large rooms with more than one fan, the center distance between each fan will depend on sweep sizes.

Sweep	1400mm	1200mm	1050mm	900mm
Center Distance	3m	2.5m	2m	1.8m

Sweep size is referred to the entire diameter of a fan.

• Visuals shown in the brochure, may vary slightly from actual product • Air delivery may vary ±5%
• All specifications are subject to change without any prior notice • Models may change during the year
