ABOUT US

Skava Partners with Hello Group,

Skava's proposition is to address the minute details often overlooked to create a world of wonder and distinction. To achieve this, Skava aims to transform the electrical accessories market with future-ready, high-performance modular switches featuring premium designs. With over two decades of experience in this sector, Skava is committed to creating user-centric innovations and delivering world-class solutions that combine aesthetics, durability, and value.

Dedicated to offering efficient and innovative products that prioritise the needs of end users, Skava focuses on addressing the small aspects crucial to consumers, ensuring that its products are both aesthetically pleasing and highly functional.

Skava is delighted to partner with Hello Group Chennai, a reputable leader with a strong presence in South India. This partnership presents exciting opportunities for Skava, particularly with the launch of our new factory in Nashik. This strategic move will enable us to connect with the communities, gain insights into their needs, produce proven products that endure the test of time, and strengthen our brand presence across India.

Skava believes this is the opportune moment for the company, as India is experiencing a remarkable transformation driven by young, energetic individuals who seek nothing but the best for their homes. The focus has shifted from merely finding affordable options to selecting high-quality, innovative products that elevate modern living. At Skava, we are committed to meeting these evolving demands by continuously innovating and introducing new products that align with the aspirations of this dynamic new India

Stay inspired,
Team Skava

SKAVA®

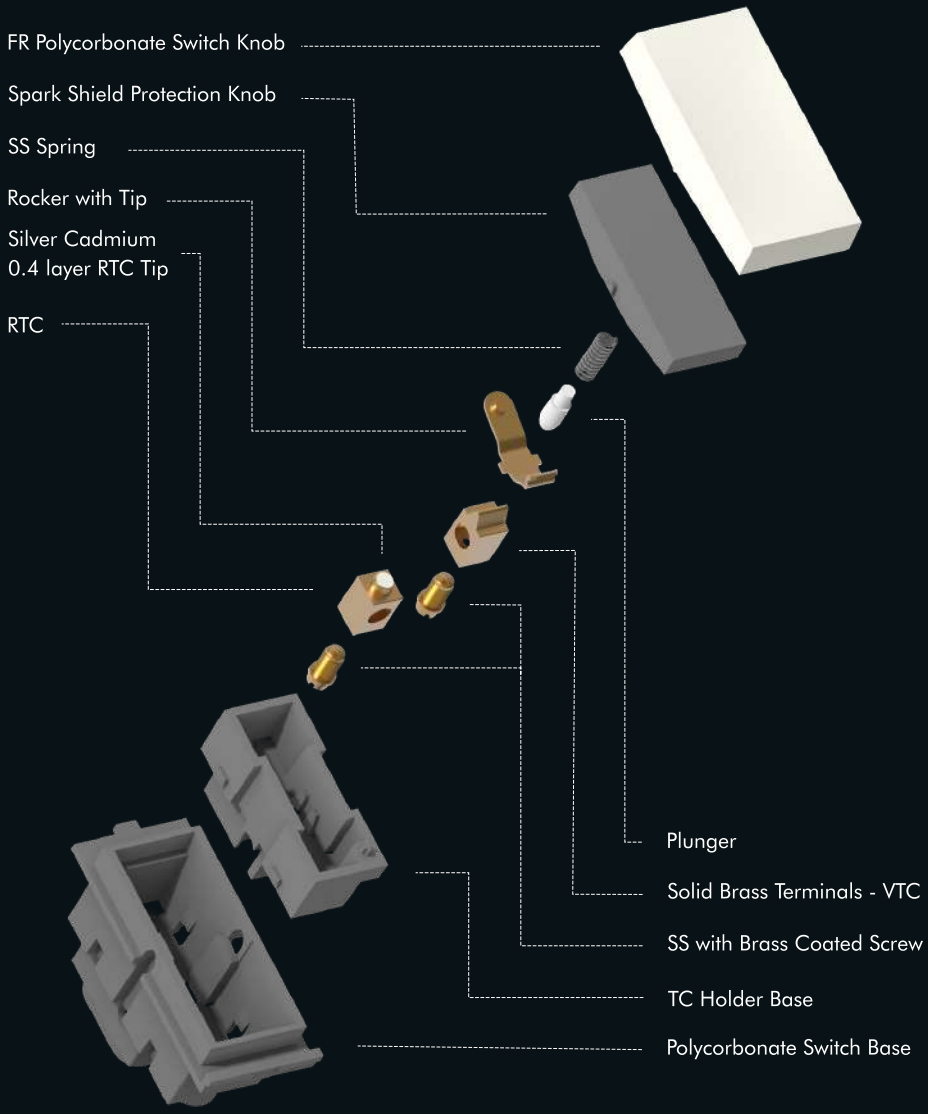

Vision

To enrich every living space with thoughtful innovation, precise detailing, enduring quality, and reliable services. Consequently, establish SKAVA as the most preferred brand for electrical & electronic controls within the premium segment.

Simple Luxury

Where design meets strength in every switch

Advanced material in every component for durability and safety.

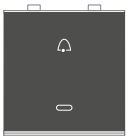

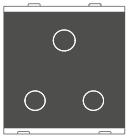

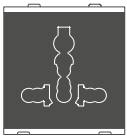

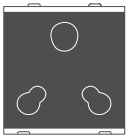

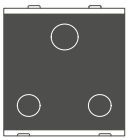

Switches are made with pure silver cadmium contacts to ensure more than 300,000 ON/OFF cycles.
